CHUMS FRAME TIP FIT GUIDE

Using a ruler, measure at the widest point of the temple tip (the portion of the frame that rests at your ears). For frames over 8mm with rubber/silicone at the temple tip, add 1mm to your final measurement for improved ease of installation. If between sizes, we recommend sizing down to ensure a secure fit.

unit: 1cm = 10mm

Black	12412100
Silver	12412749

TIDELINE ADJUSTABLE

- Fully adjustable from 10" to 15.5"
- Includes 2 sets of interchangeable temple ends for range of fit
- Ultra-Lightweight stainless steel
- Silicone temples don't stretch out or lose shape
- Made in the USA

INCLUDES INTERCHANGEABLE LARGE ENDS

TIDELINE ADJUSTABLE SKU 12419 MSRP \$14.99

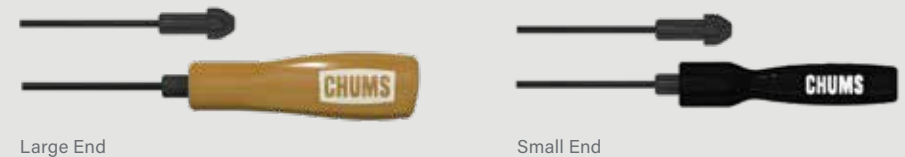

Black	12419100
Silver	12419749

ADJUSTABLE

INTERCHANGEABLE ENDS

Our most innovative retainer designed to date, the all new TIDELINE series features a harpoon system that works with 2 different sizes of interchangeable temple ends. One set for small frames and one set for large, allows you to easily switch from safety glasses to sunglasses as soon as your shift ends.

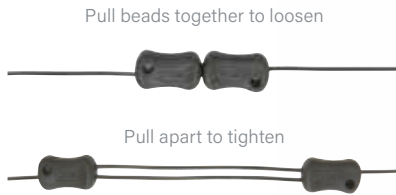

THE ORBITER

Weighing in at less than 4 grams, our unique Orbiter designs are the most lightweight and comfortable retainers on the market today. The Orbiter's "halo" effect keeps the retainer off your neck and out of your way.

- Flat, low profile, rubber temples eliminate pressure points
- Accommodates large frames up to 0.625 inches
- Choose from Adjustable SS304 Stainless Steel, Fixed SS304 Stainless Steel or Fixed Monofilament.
