

A man is paddleboarding on a body of water during sunset. He is standing on a blue and white inflatable board, holding a black paddle. He is wearing dark shorts and a small bag. The water is calm with gentle ripples. In the background, there are large, dark rocks and a hazy horizon under a warm, orange sky. The overall mood is peaceful and adventurous.

HELPING YOU HANG ON SINCE 1983

HELPING YOU HANG ON SINCE 1983

Founded on the Colorado River in 1983, Chums is about the guides, dirtbags, river rats, and weekend warriors. Our community is the early risers and go-getters dedicated to everything from chasing trout in faraway lands to brewing the perfect cup of camp coffee deep in the backcountry. A family-run business committed to US-based manufacturing and world-class customer service, Chums is a global brand that produces innovative outdoor products built for adventure.

WE WERE BORN ON THE WATER

Chums has a long and storied history on the water. More than 40 years ago, a dory boat guide in southern Utah grew tired of watching his customers repeatedly lose their sunglasses in the Colorado River. Behold, the inspiration for the Original cotton eyewear retainer, which is still one of our best-selling products to this day. Our manufacturing techniques have come a long way from our founder’s \$60 sewing machine in the back of his VW van, but the mission remains the same: to help our customers hang on to the gear they value most.

WE ARE FAMILY-RUN

Way back in 2002, in a time when Nickelback topped the pop charts and the original iPod was the hottest tech on the market, the Ferries family purchased Chums. In the years that have followed, they have pushed innovation through product development, reinforced the brand’s commitment to American manufacturing, and instilled an unwavering passion for top-notch customer service, leading Chums to become the global brand that so many know and love today.

WE ARE MADE IN THE USA

We still manufacture many of our products in our original factory in Hurricane, Utah. Now with three offices and more than 75 employees (a few of whom have been with us for over 30 years), it’s safe to say that we’ve learned a thing or two about staying loyal to our roots and to our people since we opened for business in 1983. We may be a little biased, but we’re pretty sure that our team consists of some of the raddest, most talented people in the outdoor industry.

WE LOVE THE OUTDOORS

We love playing in the outdoors, and so do our customers. Whether in the mountains, on the water, in the desert, or at the beach, the drive to get out there and explore is central to our brand and the products we sell. This is why Chums works with many nonprofit organizations across the country to help drive environmental conservation efforts, minimize our carbon footprint, and preserve our planet’s natural resources for generations to come.

EYEWEAR RETAINER FIT GUIDE

Use this handy guide to find the best fit for your frames

Using a ruler, measure at the widest point of the temple tip (the portion of the frame that rests at your ears). For frames over 8mm with rubber/silicone at the temple tip, add 1mm to your final measurement for improved ease of installation. If between sizes, we recommend sizing down to ensure a secure fit.

unit: 1cm = 10mm

EYEWEAR RETAINERS

Back in the day (in the year 1983, to be exact), the first Chums eyewear retainers were born on the Colorado River in southern Utah. The original style that launched our brand is still going strong today, but since then, we’ve put our blood, sweat, and tears into developing new, innovative styles to help you hang on to your eyewear and look damn good doing it.

WALLETS

We're not just here to help you hang on to your glasses; we think hanging on to your cash and cards is pretty important too. Sleek, low-profile, versatile, and durable, our wallets are at home in town, on the trails, and everywhere in between. And did we mention that they're really, really, really, ridiculously good-looking?

BANDIT LO-PRO

NEW FOR 2024: RFID-BLOCKING CARDS

The majority of our wallets now include RFID-blocking cards that can help keep your credit card information safe. But what is RFID, and why do you need to block it? It stands for radio frequency identification, and it's the technology in your credit card that allows you to make contactless payments at your favorite stores. Although RFID is convenient, it means pickpockets no longer have to pick your pocket — with the right equipment, it's possible to wirelessly nab your credit card info, even if your wallet never leaves your pocket or purse. Our RFID-blocking cards can help prevent this type of high-tech identity theft.
